WELCOME TO UNIVERSAL STUDIOS HOLLYWOOD

We have provided this guide to give you as much detailed information about each attraction experience as possible. Our goal is to ensure that everyone is able to make well-informed decisions about their ability to safely, comfortably and conveniently experience each of our attractions. If, at any time, you feel that you do not have enough information to make these decisions, please contact any of our experienced Team Members for help in planning your day.

Additionally, we have included specific information for guests with disabilities. This information provides a clear outline of the accommodations at each attraction, as well as the physical requirements for entering or exiting ride vehicles and other attraction areas. It is important to note that, although all of our Team Members are eager to make your day as pleasant as possible, they are not trained in lifting or carrying techniques and therefore cannot provide physical assistance. We suggest that guests with disabilities bring a companion who can provide any physical assistance that may be needed.

HOW TO CONTACT US

You can message us via the "Contact Us" form at www.universalstudioshollywood.com.

Our team is available seven days a week and makes every effort to respond to messages within 48 hours; however, due to the high volume of emails received each day, please allow several days for a response.

If you require immediate assistance, please call us at 800-864-8377. If you have any questions while visiting our park, please stop by Guest Relations for assistance.

PARTICIPATE RESPONSIBLY

FAILURE TO COMPLY WITH ANY POSTED REQUIREMENTS MAY RESULT IN SERIOUS INJURY OR EXPULSION FROM THE PARK

INDIVIDUAL ACCESSIBILITY CARD

At Universal Studios Hollywood, we provide both inclusive environments and accessible experiences for our Guests. We have constructed our attraction queues and Park entrances to be accessible to Guests using wheelchairs.

Universal Studios Hollywood has developed an Attractions Assistance Pass for Guests whose disability prevents them from waiting for extended periods in a conventional attraction queue environment. The Attraction Accessibility Pass is an accommodation designed to provide equal access to Park attractions and not to bypass other Guests waiting in the attraction queue.

Guests requesting an attraction queue accommodation may obtain the IBCCES Individual Accessibility Card (IAC) by registering at www.accessibilitycard.org within 30 days of their visit to the Park and at least 48 hours prior to their visit. The IAC registration consists of an online application that includes uploading necessary documentation. IBCCES does not require or ask Guests to disclose their medical or psychological diagnosis or condition.

Guests who only need to use their mobility device do not need to apply for the IAC as our attraction queues and Park entrances are accessible.

Once the Guest receives an approved IAC, a Universal Destinations and Experiences Team Member will contact the cardholder to discuss the appropriate attraction queue accommodation for the cardholder's visit.

Upon arrival at the Park, the approved IAC cardholder will present the approved IAC to Guest Relations in a designated IAC fulfillment location to receive their attraction queue accommodation.

Note: An IAC does not guarantee a Guest will receive an Attractions Assistance Pass. Universal Studios Hollywood will determine the appropriate queue accommodation based on the cardholder's specific needs.

Guests who are unable to register in advance may contact Universal Destinations and Experiences Guest Services team at (407) 224-4233 or visit Guest Relations inside the theme park for additional information.

Note: Universal Destinations and Experiences does not issue the IAC. Only IBCCES can issue the IAC.
